MOMMY MAKEOVER

LUCIE CAPEK
PLASTIC SURGERY & MEDSPA

Here to make your goals a reality ❤️

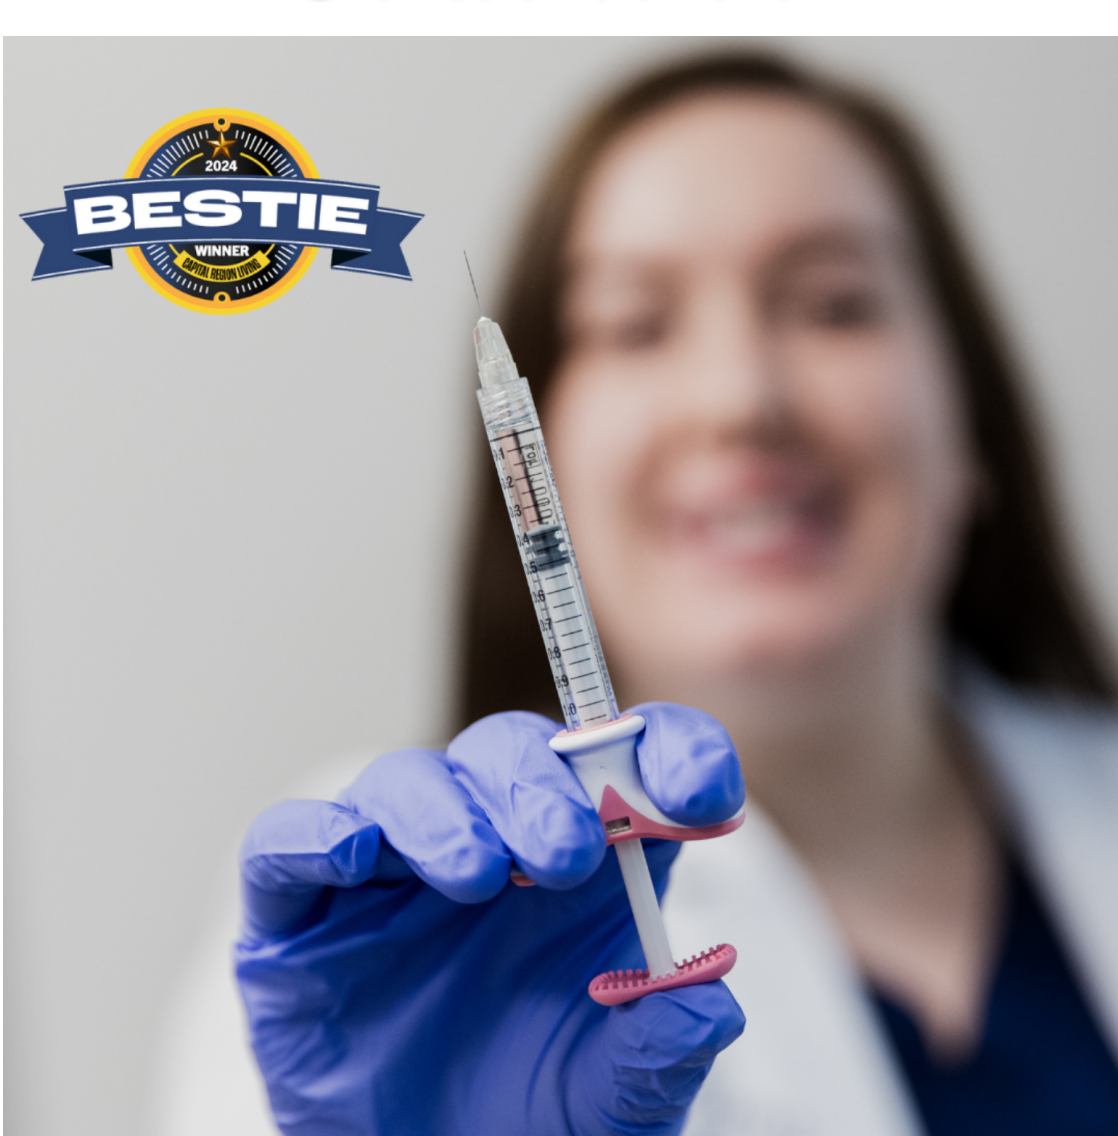

'Mommy Makeover' typically refers to a procedure that includes a tummy tuck, breast rejuvenation (varies by patient), liposuction, and sometimes vaginal rejuvenation. It's an incredibly customizable procedure centered around your body goals. ✨

In spite of the nickname, this procedure is not exclusive to post-pregnancy patients. It's great for women who are experiencing body changes after weight loss and aging as well!

For this patient, her Mommy Makeover was a post massive weight loss transformation 🌟 She had a lot of loose skin and was uncomfortable with her heavy breasts. I performed a corset abdominoplasty, belt lipectomy/lower body lift, VASER liposuction, and a breast reduction.

She looks and feels great just a few weeks after surgery 🙌
