

## Lucie Capek, MD

### CAPEK PLASTIC SURGERY

#### >> A SURGEON'S HANDS, A WOMAN'S TOUCH <<

**C**osmetic plastic surgery is a field in which a majority of the clients are female, yet most plastic surgeons are male. Dr. Lucie Capek, a board-certified plastic surgeon based in Latham, takes pride in being one of the few women in her field, and has been able to use her privileged position to better relate to—and therefore serve—her clients.

After studying medicine and surgery at McGill and Harvard universities, Dr. Capek completed her Plastic Surgery and Craniofacial training at Washington University and the University of Toronto's Hospital for Sick Children. She opened her Capital Region solo practice in 2000, and quickly became one of the area's most sought-after plastic surgeons for her blend of advanced techniques, personalized care and artistic eye.

Dr. Capek performs cosmetic surgery of the face, breasts and body. Her signature procedures include facelift, rhinoplasty, natural breast augmentation, fat transfer and "Mommy Makeover." She and her med spa staff are experts in a myriad of minimally invasive facial procedures including Botox, filler treatments, micro fat grafting and Precision TX LaserLift. The highly trained and licensed med spa staff at Capek Plastic Surgery also offer the most advanced skincare treatments including DiamondGlow and Hydrafacial, SkinPen Microneedling and various LASER services.

Dr. Capek performs most surgical procedures at Capek Surgical Arts, her state-of-the-art, QuadA-accredited operating suite located in Latham at the heart of the Capital District. She and her experienced team work their magic in a convenient and discrete private operating suite—no trips to the hospital required!

Above all, Dr. Capek understands that your beauty and confidence are about more than just your appearance; she practices "Beauty for Wellness." To get started on a transformation that enhances your natural beauty and improves your quality of life, schedule a consultation with Dr. Lucie Capek and her team.
